

A Message From the Board Of Directors

Can you believe it is already February and we are still battling Covid. It has been over 10 months since we had our last event in the club house.

Hopefully, in the near future we can get back to some kind of "normal."

In that hope I think it would be a good time to think about what we as a community want in terms of activities in the future, and how each of us can help to facilitate that happening. At the January Board Meeting, we discussed sending out a survey to see just what your hopes and dreams are now. I know for all of us there have been life changes during 2020.

Maybe you want to try something new this year, or maybe you just want to get back to the things you have enjoyed in the past. That

is why it is important that each of us fill out and send in their survey.

During this time we will need new helpers to fill in for those who are no longer with us, and those who just wish to do something new and different. It is time to look at where each of you can help to make the Activities program work. So, think about what you would like to see done and how you can help to make it happen.

Next we come to board elections. We have six residents running for office. There will be several opportunities to virtually meet and listen to the candidates. Make it your responsibility to listen well, then make an educated selection. There are critical issues that will be decided during the next year. **So be sure to vote.**
