## **COVID GUIDELINES FOR MEETING ATTENDANCE:**

According to our understanding of the CDC Guidelines, vaccinated adults are now allowed to meet in groups indoors using reasonable precautions. Specifically, the guidelines say that such vaccinated adults are not required to wear facemasks at all times in such indoor activities. Therefore, in the time until June 15, we ask community members to wear facemasks when entering or leaving meetings or activities or when in close contact with a group of people. Once settled into a room with social distancing in place, the masks can come off. Anyone who is uncomfortable with this approach or is unvaccinated should continue to use full precautions as up to now.
